

Midwest Brachial Plexus Network, Inc. 2011 Summer Camp Session

June 3-5, 2011

Rotary Youth Camp - 22310 E. Colbern Rd.

Lee's Summit, MO

Each year, the MBPN, Inc. holds a summer camp session sponsored by the Rotary Youth Organization. Families of children (all ages) with brachial plexus injuries are invited to spend the weekend having fun, enjoying nature and learning more about this injury. Activities include swimming, hiking, crafts, croquet, tetherball, basketball, relay games, cookouts and more. The camp is located on the shores of Lake Jacomo in Eastern Jackson County. The camp features a large swimming pool, an outdoor pavilion, nature trails, fire circles and an abundance of wildlife. The Rotary Camp donates its facility and supplies support staff and meals for the weekend. Crafts, activities and snacks are donated by the MBPN, families, friends and area merchants.

There is no charge for families to attend camp!
